

three other villages were seized and about 3,000 prisoners were taken. While this great battle was going on south of the Somme, the Germans continued their preparations for a counter-attack against positions captured by the French and British in Sunday's fighting north of the river.

The heaviest German blows are expected to fall in the region of Chaulnes, where the French gains imperilled German positions on a very wide front.

RUSSIANS GAIN IN MOUNTAIN FIGHTING

Brusilov Takes 19,400 Men In Four Days.

PETROGRAD, Sept. 5.—The Russians in Galicia have broken across the Tseretka river, a western tributary of the Zlota Lina, in the Brest-Litovsk region, fifty miles southeast of Lemberg, and seized a position of the Austro-German troops, the war office has announced. They took 2,721 prisoners, including 80 officers and 6 machine guns.

In the vicinity of Vladimir-Volynsk, in Volhynia, fierce battles are in progress near Sheliutov and Korytnia. Heavy engagements also are underway along the Upper Serech. In the Carpathians the Russian forces have captured a whole series of mountain heights and are advancing to the Hungarian frontier.

Between Thursday and Sunday the troops of the Russian commander General Brusilov captured 385 officers and 19,400 men. In this number were 11 German officers and 1,300 German privates. Twelve cannons, 76 machine guns and 7 bomb mortars also were taken.

GREEK LEADERS JOIN TO AID ALLIES IN WAR

Premier Zaimis, Backed By Venizelos, Now Visual Dictator.

ATHENS, Sept. 5.—Under the shadow of the guns of the allied fleet, Premier Alexander Zaimis, representing in his own person practically all the authority of the Greek government, has, through an alliance with former Premier Venizelos and by auferance of the latter, become virtual dictator of Greece.

Premier Zaimis has already issued a decree prohibiting public gatherings of any description, and has also indefinitely postponed the elections. As parliament was long since adjourned, and as it is universally believed he has a complete understanding not only with Venizelos but also with even the extreme anti-Venizelos party, he has the situation entirely in his hands, and he and the little group around him will see the final word as Greece's future policy.

What that word will be, little doubt seems to remain. There is no longer the slightest concealment of the allied measures. Baron von Schenk, the head of the entire foreign propaganda and espionage in Greece, has been arrested and put on board a man-of-war. Landing parties of armed blue-jackets, French and British, guided openly by allied Secret Service men, march in board daylight through the streets of Athens, rounding up the Baron's subordinates.

RUSSIANS ADVANCE ON HUNGARIAN FRONT

Acquire More Heights Near the Carpathian Woods.

PETROGRAD, Sept. 5.—The Russian advance in the Carpathian woods near the frontier of Hungary continues, it was officially announced today. More heights have been captured.

In the fighting along the Upper Serech, 429 prisoners, six cannons, thirty-nine machine guns, and a number of bomb throwers have been captured.

QUARANTINE EASED AS EPIDEMIC WANES

Parks, Playgrounds, and Moving Picture Theaters Reopened to Children.

NEW YORK, Sept. 5.—In consequence of a decided decrease in the infantile paralysis epidemic quarantine regulations in all parts of the city yesterday were partly lifted to allow thousands of children to take part in Labor Day celebrations in the parks and other public playgrounds. This is understood to presage a general lifting of the embargo on children playing in public places which has been in force since the outbreak of the epidemic under orders from Health Commissioner Emerson.

For the first time since the epidemic began motion picture theaters were yesterday thrown open to children more than twelve years old. Although no official order to this effect had been issued by License Commissioner Bell, Dr. Emerson has recommended it, and the theater managers in several cases decided to anticipate the order and allow children entrance.

Railroad companies reported last night that the influx of children to the city following Labor Day was not less than in previous years and that the high protectionists and the tariff for revenue only advocates have been presenting their case to the voters of the country for many decades past. But the Woman's Party, on its billboards and campaign literature and through its stump speakers, in telling the women of the west why they should vote against President Wilson, raised a new slogan.

Leaves Here to Boost "Votes for Women."

MRS. ABBY SCOTT BAKER.

LONGEST PRACTICE IS STARTED OFF CAPES

NORFOLK, Sept. 5.—To begin the most elaborate maneuvers and target practice ever attempted by the American navy, fifty-five battleships, cruisers, torpedo boat destroyers and auxiliaries are gathering on the southern drill grounds off the Virginia capes today.

Two divisions of the fleet left Hampton Roads at 9 o'clock this morning after loading coal and ammunition. Several of the ships were towing targets as they passed out to sea.

One of these, the largest owned by the American Government, was built at the Norfolk navy yard and cost \$10,000. It is 175 feet long.

The battleships Pennsylvania and Oklahoma, two of the newest and the largest ships in the navy, will this afternoon open fire on the sunken hulk of the old battleship San Marcos, in Chesapeake bay off Tangier sound. They will fire fourteen-inch shells at a range of 18,000 and 20,000 yards.

This is the longest range ever attempted in target practice by the Atlantic fleet, the greatest distance heretofore being 16,000 yards. Admiral Mayo, after a conference with naval officials on work to be done by the fleet, returned from Washington today and will be on board his flagship, the Pennsylvania, while she is firing her big guns in Chesapeake bay.

HELD ON EVIDENCE U-BOAT CARRIED

JERSEY CITY, N. J., Sept. 5.—Arrested on the strength of evidence brought from Germany by the commerce submarine Deutschland, Wladislaw Kubicki today was held for extradition to Germany to answer the charge of killing his sweetheart.

The body of the girl, Valeria Kleczynska, was found in a pond after she and Kubicki, who was married, were reported to have eloped. The murder occurred four years ago, but the German police painstakingly followed down every clue to Kubicki's whereabouts, even in the midst of the war. They located him in Jersey City and sent over by the Deutschland documentary evidence and the warrant issued at Guestrou, Prussia, for his arrest.

SEES IN SUFFRAGE SINGLE NEW ISSUE

Mrs. Baker Believes "Votes for Women" Will Dominate the Campaign.

Declaring that the suffrage amendment is the only really new issue injected into the political campaigns this year, and expressing confidence that its supporters would win, Mrs. Abby Scott Baker, press chairman of the Congressional Union for woman suffrage and of the women's party, left Washington today for New York, where she is to confer with political leaders over the situation in the equal suffrage States of the West. Following the New York conference, Mrs. Baker will go to Chicago where she will direct the Illinois campaign and will have charge of western publicity work.

DEMOCRATIC WOMEN NOT ANGRY AT SPEECH

Mrs. George A. Ames, president of the National Democratic Women of America, today denied that women of

the Democratic party are angered with President Wilson because of his failure to mention suffrage in his acceptance speech. Mrs. Ames said:

"I wish to contradict statements that Democratic women are disgruntled because of President Wilson's attitude on the suffrage question. We are in favor of his stand, and uphold his position. I have letters from women in Western states, Utah, Wyoming and California, to back up my contradiction. They believe President Wilson's attitude toward suffrage the proper one. 'Congressional Union leaders have no right to speak for the Democratic women of this country.'"

Asks Hour U. S. Pledged For Casement's Life

Declaring the United States through diplomatic tactics waited until, "Sir Casement's body was in the coffin covered with quicklime," before its plea for clemency was transmitted to Great Britain, Senator Marlin of New Jersey introduced a resolution asking the Secretary of State to tell the Senate the day and hour the plea was dispatched and delivered. The resolution was referred to the Foreign Relations Committee.

Park View Citizens To Plan Celebration

A meeting of the executive committee of the Park View Citizens' Association to discuss plans for the community celebration of the opening of the new Park View schoolhouse and the completion of the paving of Georgia avenue will be held at the home of John G. McGrath, president, 428 Manor place, tonight.

The six-day celebration, which will include an automobile parade, a parade of school children, band concerts, dances, and outdoor entertainments, will be held October 2 to 7. Plans for financing the events will be considered.

LA FOLLETTE FACES VOTERS AGAIN TODAY

Senatorial Contest of Greatest Interest in Wisconsin Primaries.

MILWAUKEE, Sept. 5.—Wisconsin voters waded out the summer crop of politicians at the primary today. The greatest interest centered in the run between Senator La Follette, Progressive, and Malcolm G. Jeffris, Conservative, for the Republican Senatorial nomination.

William F. Wolfe, of LaCrosse, is the Democratic nominee for Senator, and is without opposition. The Democrats hope to place another member of their fold with Senator Paul O. Huston in Congress, through the split in Republican ranks.

Gov. E. L. Phillip, Republican Conservative, is a candidate for re-nomination. He is opposed by William H. Hutton, of the La Follette faction of the Progressives, and former Gov. Francis E. McGovern, who has been attempting to build up a Progressive organization of his own. Burt Williams, of Madison, is the Democratic candidate for governor, picked at a conference of leaders.

This Pig Loved Too Well; Now He's Pork Chops

BAYSIDE, Long Island, Sept. 5.—"Peter," Pearl White's pet pig, became so loving and professed his love so loudly in loveless squeals that the neighbors protested. Now "Peter" is pork chops.

UNTERMAYER MAKES REPLY TO ROOSEVELT

Declares, in Maine Speech, Colonel Knew His Mexican Charges Were Cruelly False.

PORTLAND, Me., Sept. 5.—The Maine campaign was sizzling today with a reply from the Democrats to Colonel Roosevelt's attack on the Wilson Administration record, and Congressmen and Senators were whooping things up in preparation for the grand finale toward the end of the week, when Candidate Charles E. Hughes himself will appear.

Samuel Untermyer delivered a broadside reply to Colonel Roosevelt at Newfield last night.

"In no other country are such bitter vituperation and misrepresentation of public men permitted to go unchecked and unpunished," he declared. Untermyer said Colonel Roosevelt knew the picture he drew of conditions in Mexico and of the Administration policy was cruelly and willfully false.
